

The Aims and Objectives of The Close Day Nursery School

Aims – At The Close Day Nursery we aim to:

Ensure that child-centered provision supports the learning and development of every child.

Maintain and develop a safe and inspiring learning environment indoors and out.

Develop and maintain quality teaching and learning through our reflective practice.

Objectives – These will be achieved through the following objectives:

Recognising and valuing children as competent, capable learners so that they develop confidence, independence and high self-esteem. Motivating and inspiring children to plan and initiate their own learning, as well as participating in activities planned by adults.

Offering children a wide range of learning experiences which acknowledge the diversity of learning styles, so that they have the opportunity to realise and expand their personal potential.

Valuing and nurturing children's curiosity, creativity and desire to make sense of the world, giving time for their thoughts, ideas, conversations, feelings and appreciation for their efforts and achievements.

Following the Statutory Guidance of the EYFS and Oxfordshire Safeguarding Board.

Providing a well-planned, motivating and versatile learning environment which supports children as active learners; provoking their interest and inquiry, and linking indoors with outdoors.

Encouraging an understanding of the importance of working together as a mutually supportive, unified staff team, to develop reflective practice.

Providing time and space to reflect as a staff team on children's learning; using observations and documentation to assess, target and plan for future development.

Valuing and nurturing each child as an individual person and creating trusting relationships where learning can take place.

Developing strong, reciprocal and mutually trusting relationships between child, family, nursery school and the community.

Supporting the children in making the transition to the next phase of their education with enthusiasm and confidence following a happy and fulfilling experience in nursery.
